Small Entity Status Declaration and Statement For
A Corporation Under 37 CFR 1.9

I, the undersigned Stephen B. Maguire, a citizen of the United States, residing at and having a mailing address of 1549 E. Street Road, Glen Mills, Pennsylvania 19342, hereby declare as follows:

I have not assigned, granted, conveyed, licensed or otherwise transferred and am under no obligation pursuant to any contract or any law to assign, grant, convey, license or otherwise transfer rights in the above-captioned pending United States patent application to any third party who would not similarly qualify for "small entity" status as an independent inventor, under Section 1.9 (c) of Title 37 of the Code of Federal Regulations or to any third party which would not qualify

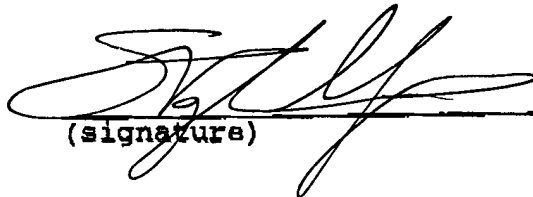

as a small business concern under Section 1.9(d) of Title 37 of the Federal Code of Regulations or as a nonprofit organization under Section 1.9(e) of Title 37 of the Federal Code of Regulations, for the purposes of payment of reduced fees to the United States Patent and Trademark Office in connection with processing of the above-referenced United States patent application, pursuant to Title 37 of the Code of Federal Regulations.

I acknowledge the duty to notify the United States Patent and Trademark Office of any change in status resulting in loss of the right to pay reduced fees under Title 37 of the Code of Federal Regulations for the processing of the above-referenced patent application and for the maintenance of any patent(s) issuing therefrom prior to paying, or at the time of paying, the earliest of any fee due after such change of status and resultant loss of right.

I hereby declare that all statements made herein of my own knowledge are true and all statements made on information and belief are believed by me to be true and further that such willful, false statements and the like so made are punishable by fine or imprisonment or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may

jeopardize the validity of the patent application, and any
patent issuing therefrom.

Stephen B. Maguire
